Personal Summary

Buy-side Equity Research and Asset Management Analyst with nearly 5 years of experience in fundamental analysis, equity valuation, and financial modelling across multiple sectors.

Valued 50+ companies using DCF and relative valuation, built macro and quantitative models for portfolio construction and asset allocation, and supported active portfolio management at a top-20 ranked mutual fund.

CFA Level I passed, CIMA part qualified, MSc Finance (UK), engineering background.

Work Experience

Front Office Associate

Manchester Marriott Piccadilly Hotel

Dec 2024 - present

- Supported **billing**, **account** closing, **audit** checks, and **payment** settlement processes, improving the cash conversion cycle (**Days Sales Outstanding**) by three months.
- Maintained client-facing responsibility during c/i and c/o while ensuring **billing** accuracy and **revenue** integrity.
- Demonstrated advanced use of **Oracle databases** (Opera, Marsha), leveraging **SQL** for **data extraction** and validation, alongside **Excel** for reconciliation, **reporting**, and **transaction analysis**.

Investment Analyst

Tadbirgaran Farda

April 2020 - Sep 2024

- Done investment modelling and valuation for over 50 companies across key sectors including **Oil Production**, **Pharmaceutical**, **Banking & Financial Services**, **Startups**, **Electricity Production** (Renewable & Fossil), **Copper**, **Aluminium**.
- Increased annual returns from **8.57% & 11.83%** to **43.06% & 32.31%**, significantly outperforming market indices for the mutual and ETF funds under management.
- Applied advanced valuation techniques (**P/E**, **P/S**, **EV/EBITDA**, **DCF**, **DDM**, **FCFF**, **FCFE**) and **macroeconomic** models, covering both financial reporting and company valuations.
- Streamlined data extraction and market simulations using **Python**, **VBA**, **Power BI**, **PostgreSQL**, and machine learning (**LSTM**, **GRU**, **RF**), increasing analysis speed by 100% and supporting cross-sector coverage.
